Dear Mr. Clark:

On October 22, 2009, the Division sent you a directive regarding the removal or safe storage of potential deleterious materials at the Daddy Dearest Mine. The Division conducted a follow up inspection and determined that those materials had been removed, so the requirements of the directive have been met.

If you have questions about this requirement, please contact Wayne Western at 801-538-5263. Thank you for your cooperation.

Sincerely,

Paul B. Baker
